All Tier 1 personnel who are traveling must be asymptomatic before traveling to Blacksburg (unless given clearance by your team doctors and have tested negative). Onsite testing will be provided if a symptomatic individual case does arise. In the event of a positive, the individual will be put in quarantine and will not be allowed to compete. Masks are currently required (regardless of vaccination status) in all indoor areas at Virginia Tech -- so at **all times** for all staff and all but during competition for athletes. Questions? #### EVENT CHECK-IN / STAGING

Athletes in all running events (oval and straightaway, individual and relay, preliminary and final), must check in with the Clerk of Course no later than 30 minutes prior to the listed start time of their event. The Clerk of Course is located behind the timer's / announcer's stage. Athletes will need to have their spikes checked prior to checking in to their event. Athletes in all field events must report directly to the event site to check in with the official no later than 30 minutes prior to the start of the first flight of the event. Athletes will receive hip numbers from the Clerk of Course. Heats will be escorted individually onto the competition track.

#### HURDLE WARM UP

All hurdle warm ups will take place on the infield straightaway. The back warmup area near the Clerk of Course is for accelerations only, no hurdle warm up. Hurdlers will have ample time prior to their event for warm up on the infield.

#### IMPLEMENT WEIGH-IN

Each institution will be required to bring their own implements. All throwing implements will be weighed and measured at the southeast corner of Rector Fieldhouse in the throws building. Any implements that do not meet the NCAA specifications will be impounded by the weigh-in official until the conclusion of that event. Those implements may be picked up at the weigh-in area from an official at the conclusion of that event.
